Your Voice Matters: Join the Conversation

You are encouraged to express your thoughts and be heard. This is your chance to raise any concerns, issues, or suggestions, regardless of their size, and discuss them directly with department managers and the Executive Director. Whether your feedback pertains to care, activities, dining, housekeeping, facilities, or the overall management of the building, your input is valuable. All feedback is appreciated, and you can share your thoughts openly without fear of retaliation. Together, let's strive to cultivate the best possible community.

SEE YOU AT 2PM!
